# HOW WE LEARN

At Wilcox Tech, talented academic and career technology teachers collaborate to design high-tech lessons. Our unique educational program prepares Wilcox Tech graduates for immediate employment, entry into apprenticeship programs or admission into a two- or four-year college.

“EACH STUDENT GRADUATES WITH A HIGH SCHOOL DIPLOMA AND A CERTIFICATE IN THEIR CAREER TECHNICAL FIELD.”

Ninth-grade students participate in all of the technical programs offered at Wilcox Tech through the Exploratory Program. This experience allows students to engage in the various career path opportunities before choosing one that will set the framework for their education in grades 10-12. Students take academic and career technology courses on a rotating schedule.

Students have the opportunity to participate in the College Career Pathways (CCP) program and UConn Early College Experience (ECE). Through these programs, students earn college credit while in high school and prepare for advanced coursework required by colleges.

# HOW WE WORK

Work-based Learning (WBL) is an opportunity for eligible students in grades 11 and 12 to gain real-world experience, work in teams, solve problems and meet employers' expectations. WBL takes place during the school day, and students receive credit toward their career technology, but they may also get paid. Through partnerships with local companies, students work on real projects, gaining hands-on career development experience.

Students may also participate in Production Work as part of their technical program. Examples include building a house, salon services, and catering. This work helps prepare students for transition from high school to the workforce.

“STUDENTS RECEIVE CREDIT TOWARD THEIR CAREER TECHNOLOGY, AND MAY ALSO GET PAID.”

## Our Career Technologies include:

- Automotive Collision Repair & Refinishing
- Automotive Technology
- Carpentry
- Culinary Arts
- Electrical
- Electronics Technology
- Graphics Technology
- Hairdressing & Cosmetology
- Health Technology
- Heating, Ventilation, & Air Conditioning
- Information Technology
- Plumbing & Heating
- Precision Machining Technology

# HOW WE PLAY

Wilcox Tech students have a variety of sports and activities to choose from:

**Athletics:** Soccer, Cross Country, Volleyball, Football, Basketball, Rifle Team, Golf, Tennis, Baseball and Softball.

**Clubs and Activities:** Student Council, National Honor Society, SkillsUSA, Yearbook, Key Club and more!

# WHAT MAKES US DIFFERENT

Connecticut Technical Education and Career System (CTECS) graduates are prepared for working and learning environments that constantly change. By adapting to new standards in emerging technologies, students acquire the necessary skills to succeed in the work place and in furthering their education.

With guidance from industry leaders, Wilcox Tech students graduate with industry certifications or licenses, post-secondary certificates or degrees that employers use to make hiring and promotion decisions. These graduates are empowered to pursue future schooling and training as their educational and career needs evolve, positioning them to be the country's next leaders and entrepreneurs.
