

The KBE Foundation Construction Career Scholarship: Application for 2023 \$1000 Scholarship for students pursuing a construction career

To be considered for the \$1000 KBE Foundation Construction Career scholarship, please complete the application below and return, with your 500-word essay, to jlawhorn@kbebuilding.com by April 28, 2023. Be sure to get your guidance counselor or teacher to sign this application.

Who is eligible:

KBE Building Corporation wants to help young women and men who are pursuing careers in the construction industry.

You are eligible for our scholarship if your plans after graduating high school include any of the following:

- Attending a post-high school construction training program, such as those offered at Bristol Tech or ABC's Construction Education Center or other similar programs
- Classes or costs of obtaining your state license for HVAC, Plumbing, Electrical, or other licensed construction trades.
- Obtaining skills training in other construction trades, including carpentry, drywall, masonry, etc.
- Obtaining OSHA Safety training or other OSHA certifications related to construction
- Need tools as part of a company apprenticeship program
- Going to a two- or four-year college for a construction management degree or similar
- Studying BIM, CADD, AutoDesk or other technology programs **used in construction**
- If you are not sure if you qualify, please email us and ask!

Please see page 2 for instructions on writing your essay. Please Print Neatly!

Your Name: _____

Address: _____ City/State/Zip: _____

Guidance Counselor or Teacher Signature (REQUIRED)

I recommend this student for the 2023 KBE Foundation Construction Career Scholarship.

Print Name, Title (guidance counselor/teacher), and sign and date

Page 2.

Essay Instructions

Please write (type!) a 500-word (approximately!) essay on why you are worthy of this scholarship:

1. What career you are pursuing in construction?
2. Why are you interested in a career in construction and what inspired you?
3. What type of program, apprenticeship, license, etc. are you pursuing?
4. If an apprenticeship, tell us the name of your employer.
5. If you are getting your professional license in a specific trade, tell us what trade?
6. If you are taking classes or courses to help you in your construction career after high school, tell us where you are planning on attending and what classes/courses/degree program you plan to take.
7. How has your technical high school education benefited you?
8. Any other reason why you are worthy of this scholarship?

Please email your essay and signed application form to jlawhorn@kbebuilding.com by April 28, 2023

If mailing:
